Hon. Paul Serem: Thank you Mr. Speaker I accept to wait until next week.

The Deputy Speaker (Hon. Cheboiwo): Okay thank you, so any other Member with an issue on that?

(Hon. Kibarak stood in his place)

Hon. Kibarak: Mr. Speaker I want to say that, because the chair has responded that he is going to give us the answer in one week, this question by Hon. Paul Serem is very vital for Members especially during this time of public participation and we shall know a lot of things on machineries and other plants.

When I was looking at it and if we get the answer we shall get the prices for purchasing them and other things, so that as we go for the public participation they will have assisted us to know the prices of maybe the dozers, other machines and plants which we may need in our wards. So it is very crucial that they come with it next week. So I was just saying that we are waiting for it so that it can help us as we move ahead in our wards and County at large, thank you.

The Deputy Speaker (Hon. Cheboiwo): Okay Hon. Kibarak I am seeing you are adding another question or what? I have heard you talking of cost and I am not seeing something to do with cost in the question.

(Hon. Kibarak loudly consults)

The price,.. okay. Since Hon. Paul Serem has accepted Thursday the 15th April 2021 at 2:30 PM, so just come with the answer of the said question.

(Statement deferred)
